

double

```
classDiagram
    class double
    class Interface
    double <|-- Interface
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'double'. Below it is a box labeled 'Interface'. A dashed purple line with an arrowhead pointing to 'double' connects the two boxes. To the right of this arrow, the text 'rx_bandwidth' and 'tx_bandwidth' is displayed.

rx_bandwidth
tx_bandwidth
